

CLEMSON FALL CAREER FAIR 2026

Company intelligence and priority list | Sep 21–24 | 12:00–4:00 PM

Target: Summer 2027 CS / IT roles

Priority key: A = strongest fit / verified tech path B = promising technical target C = investigate only if time allows

MONDAY – SEP 21 (tight timing)

- **Manhattan Associates**
Supply-chain software; R&D SWE, Java/C++/SQL/ML; strong regional fit.
- **Itron**
Utility technology, data, IoT, and software systems.
- **Naval Nuclear Lab**
Computer engineering and software; 10–12 week internship; US citizenship.
- **FAST Enterprises**
Government software implementations; C# / VB.NET / SQL.
- **Jacobs**
Engineering technology, infrastructure systems, and digital delivery.
- **Milliken**
Industrial technology, data, automation, and manufacturing systems.
- **Corning**
Materials technology, manufacturing systems, and engineering software.
- **BMW / Labcorp / Merck**
Manufacturing and life-science technology; screen for actual software roles.

WEDNESDAY – SEP 23

- **Epic**
Second attendance day; strong software target if Tuesday is crowded.
- **Honeywell Technologies**
Future IT Leaders internship; industrial automation and software.
- **Siemens Energy**
Energy systems, controls, data, and industrial software.
- **VisioStack**
Cloud and technical services; verify Summer 2027 role.
- **Gotion**
Battery technology, data, manufacturing systems, and controls.
- **Hitachi Rail**
Rail systems, embedded software, and transportation technology.
- **Amentum**
Defense, mission systems, and engineering technology.
- **SkyIO**
Cloud / software wildcard; verify role and location.
- **NC Public Safety / Trinity Consultants**
Technical public-sector and consulting paths; lower-confidence CS fit.

THURSDAY – SEP 24

- **Oracle**
Software engineering across cloud, databases, infrastructure, AI, and full stack.
- **Gartner**
Summer 2027 IT Intern; May 2028 graduates; Oct 9 deadline.
- **Ciena**
Networking and communications software; verify student requisition.
- **CIMcloud**
Cloud business software; strong small-company software lead.
- **ScanSource**
Technology distribution, infrastructure, and IT systems.
- **BlueCross BlueShield SC**
Health insurance technology, data, and internal systems.
- **Railinc / LPL Financial**
IT/software engineering and financial technology; second attendance day.
- **Santee Cooper**
Utility technology, data, and engineering systems.
- **Optomi / Truist / KEYENCE / SPX**
Recruiting, finance, industrial technology; screen for actual intern roles.

TUESDAY – SEP 22

- **Epic**
Healthcare software; 11-week software development internship; algorithms, NLP, data visualization, GenAI.
- **FAST Enterprises**
Summer 2027 implementation role; C# / VB.NET / SQL; client-site work.
- **Railinc**
Rail technology; university recruiting for IT and software engineering.
- **Naval Nuclear Lab**
Computer engineering and software; possible return offer.
- **Lockheed Martin**
Defense software, systems, and engineering technology.
- **LPL Financial**
Financial technology, data, and enterprise systems.
- **Johnson Controls**
Building automation, controls, and connected software.
- **BMW Manufacturing**
Manufacturing technology, automation, and plant systems.
- **GE Vernova / Corvid / Santee Cooper**
Energy, simulation, utility, and engineering technology.

VERIFIED ROLE NOTES

Epic: current CS/software students; real product ownership with mentor support.

FAST: requirements through production support; fully in-office/client-site.

Naval Nuclear Lab: GPA 3.0 preferred; Summer 2027 computer engineering internship.

Gartner: Stamford IT internship; Python, Java, C#/.NET, SQL, cloud, AI/ML, Git.

Oracle: intern paths across applications, cloud infrastructure, databases, and AI/ML.

Railinc: year-round entry-level and internship recruiting in IT and Software Engineering.
